

This form is provided for use in collecting disclosure information from coauthors. It may not be submitted directly to ASCO by coauthors; it should be sent to the First Author, who must enter disclosure information for all authors through the official Abstract Submitter.

It is ASCO's policy to promote balance, independence, objectivity, and scientific rigor in all of its activities through the disclosure of financial interests and other relationships, and management of potential conflicts. The financial interests or relationships requiring disclosure are outlined in [ASCO's Policy for Relationships With Companies](#). All authors are expected to answer each question below to disclose any relationships with for-profit health care companies. Each author who does not have a record on file in ASCO's Disclosure Management System should complete and return this form to the corresponding author. Corresponding authors should enter disclosures online at the time of submission. The corresponding author is encouraged to keep completed forms on file for future reference.

Participation in ASCO's Disclosure Management System allows authors to have a unified disclosure across all ASCO activities. Authors can enter their disclosure information into the Disclosure Management System by visiting [coi.asco.org](http://coi.asco.org).
